STATE ENGINEER'S OFFICE

Cheyenne

Mr. Wayne D. Criddle
State Engineer
Capitol Building
Salt Lake City, Utah

Dear Wayne:

I wish to acknowledge receipt of your letter of March 7, 1960 relative to the meeting of the Utah Water Users on Burnt Fork which is scheduled for Thursday, March 10 at 6:00 p.m. in Manila, Utah.

Since receipt of your letter, I called Mr. David P. Miller, Superintendent of Water Division No. 4 at Rock Springs, Wyoming, and he will attend this meeting. We discussed the employment of Mr. Triplett for another year as water commissioner for the area, and it now seems that Mr. Triplett will be satisfactory for this position, and I am sure that he will suggest that he be continued.

I have authorized him to make the necessary salary arrangements in connection with this work, and since this would seem to cover the principal matters that will be considered, it is not proposed to send anyone from this office.

I am pleased that you reminded me of this meeting and will probably see you at Los Vegas on March 21.

Yours very truly,

Earl Lloyd
